

DWARVES SHORT BIO

For forty years the Dwarves have shocked and mystified audiences across the globe with their unique blend of punk, garage, thrash and experimental music. Hailing from the Midwest, they settled in San Francisco in the mid 1980's, played over a thousand shows, released over a dozen full length records and appeared in the soundtracks for hundreds of films, television shows, skate videos and multimedia presentations.

With a revolving cast of memorable characters and brutal live musicians, singer Blag Dahlia has carved out legendary status declaring the Dwarves, "the last punk band!" Look for new recordings, reissues, and appearances at rock festivals and crack houses across the country and around the world!
