

BLAG DAHLIA & RALPH CHAMPAGNE

BLAG DAHLIA'S FIRST FULL LENGTH SOLO LP

"INTRODUCING RALPH CHAMPAGNE"

BLAG DAHLIA is a punk rock legend, founder of the DWARVES and the GREEDY MEDIA empire. RALPH CHAMPAGNE, Blag's retro Americana doppelganger; old school crooner, ad lib slinger and master of dirty rhymes, has now arrived with a debut record guaranteed to set eardrums ablaze.

During the plague years, songwriter Dahlia and vocalist Champagne joined forces with pop producer Andy Carpenter and a cast of good-looking session players to create the "Introducing Ralph Champagne" LP. Running the gamut of styles from outlaw country and trucker ballads to sugary euro-pop duets, yacht rockabilly, novelty songs, and Country Trap Remixes, the record stays fresh with repeated listening. While the DWARVES uncompromising vision of gut level rock & roll, dazzling production and filthy lyrics have created a unique legacy spanning over four decades, RALPH CHAMPAGNE is the new icon on the block, trading in Dahlia's trademark punk growl for the sultry stylings of a soul stained lounge libertine.

You need to hear [INTRODUCING RALPH CHAMPAGNE](#) for yourself! But first, you need to see the HILARIOUS VIDEOS for [LOLITA GOODBYE](#) and [CONTRABAND](#).
